

Devour The Sun

**CRIMSON SKIES, A DYING LIGHT
SHADOWS GROWING, GRIP THE NIGHT
A HUNGER STIRS, A PRIMAL NEED
TO BREAK THESE CHAINS, PLANT A WICKED SEED**

Devour the sun

DEVOUR THE SUN

*No more surrender, no more fear
The ancient force is drawing near
To rise above, the darkest hour
To take its light, and claim its power
Devour the sun, in fractal rays
A kaleidoscope of endless days
We'll swallow light, and bend its form
In swirling patterns, and cosmic storm*

*The stars retreat, they turn to dust
The vibrant hues, betrayed our trust
The age of light is at its end
A new dominion to transcend*

**IT'S BLAZING HEART, A LIQUID DREAM
PULLED APART BY A COSMIC STREAM
THE BOUNDARIES SHATTER, WE'VE BECOME ETERNITY
TO DANCE
WITH THE INFINITY**

**GOLDEN BEAMS, ONCE HELD SO HIGH
NOW FUEL THE BEAST WITHIN THE SKY
A COSMIC MAW WITH ENDLESS GREED
DEVOURING ALL, A WICKED DEED
THE GRAVITY PULLS, A SWEET EMBRACE
AS WE DISSOLVE IN TIME AND SPACE
MELTIN CLOCK IN EMBER SKIES
THE SUN, A CANDY FOR HUNGRY EYES**

*No more surrender, no more fear
The ancient force is drawing near
To rise above, the darkest hour
To take its light, and claim its power
Devour the sun, in fractal rays*

*A kaleidoscope of endless days
We'll swallow light, and bend its form
In swirling patterns, and cosmic storm*

**MELTING CLOCKS IN EMBER SKIES
THE SUN, A CANDY FOR HUNGRY EYES**
